

UAT INITIATION AND DESIGN

Date	19 November 2022
Team ID	PNT2022TMID28572
Project Name	Hazardous Area Monitoring for Industrial Plant powered by IoT

UAT INITIATION:

Sign Up and Log in:

The below interface allows the user to sign up before login in using email and password.

The image displays two wireframe diagrams of a user interface for sign up and login. The left diagram shows a sign-up form with 'Email' and 'Password' input fields and a 'SIGN UP' button. The right diagram shows a login form with 'Email' and 'Password' input fields, a 'LOGIN' button, and a 'SIGN UP' button below it.

UAT DESIGN:
